FRIDAY (CHAPEL):

There is no FLEX on Fridays but there is Chapel and an adjusted schedule. There are two types of Chapel days, SE (Semester) or LIN (Linear).

NON-FRIDAY LAST DAY OF WEEK:

If Friday is not a school day, Chapel will take place on the last day of the week. Flex *will* still take place as scheduled, but the remainder of the day will be adjusted to either SE or LIN.

SE = Semester Classes only
(no linear, just D, E, F or G, H, I respectively)

LIN = Linear Classes only (no semester, just A, B, C)

For Non-Friday Schedules: If SE also lists an (A), (B), or (C) after it, that indicates which FLEX block it is.
