Langley Christian Middle School:
May 13 PAC report

My first year here! Highlights:

Grand scale- I love this school. Obviously every year will come with unique challenges, but I've loved this year. Three specific highlights from the year that stand out to me, because they really sum up the kind of place and the kind of students that we have here.

- Early in the school year, I met with a group of 5 Grade 8 students. "Mr. Nagtegaal, we need to talk to you." It sounded serious. I invited them into my office. "How can I help you guys?" "Mr. Nagtegaal, we want to start a Bible study." I was blown away. We are a school and a space where students, compelled by the Spirit, want to lead Bible studies. It was clear that the Lord is at work at LCS.
- A few weeks ago we had the Spelling Bee. The Spelling Bee is an intense environment...it's academically challenging and rigorous, and it can be intense...the finals are in front of the whole school. Anyway- a student kind of froze and didn't spell a word and got "out." He put his head down and started crying. Another contestant, seated beside him, just put his hand on his back and gently rubbed it, taking care of him and letting him know it was OK. It was clear that the Lord is at work at LCS.
- Last week we had Speech Fest. Seeing kids speak passionately about a variety of topics in front of a large audience was great, but one of the speeches was on the joy that comes from loving the Lord, and how important it is to love and follow Jesus. He was giving off "future pastor vibes" for sure, but he spoke with such conviction. It is so cool being a part of a place where students feel confident and passionate about sharing their faith. It is clear that the Lord is at work at LCS.

As we finish off the year- lots of "stuff" happening: Spelling bee, Speech Fest, athletics (track and field), Vancouver art gallery trip for Grade 7, Talent Show...there is a lot happening! We're also preparing for next year and getting ready for that.

Next year: We are excited to be in the new building. For me personally, I think it will be a good opportunity to reset our culture as a middle school. So- We will improve our programming, which I'm excited about, and we can improve our culture, which I'm excited about:)

From a programming perspective- we will be launching our SUMMIT program.

In the SUMMIT program, **students grow in purpose, serve with impact, and discover who God created them to be.**

What is SUMMIT?

Serve
Understand
Make
Move
Imagine
Transform

CHANGES:

Grade 6:

- Adding a 5th track
- Going to Camp Stillwood (rather than Kawkawa)
- Adding 1-2 “outdoor day trips”

Grade 7:

- Adding two “outdoor day” trips, and exploring the possibility of an overnight trip (likely for 2027/28).

Grade 8:

- Offering Hybrid Math 8/9 Program
- Re-imagining the Fine Arts program to give students more time in their preferred art.
- Adding performance/trips/festival appearances in band
- No longer need to bring their own computers

All grades: Re-imagining exploratories- We’re going to call them Summit Labs, and there will be different “streams” that connect from year to year (Media arts, foods, drama, trades, robotics and coding, leadership, plus 1-2 others).

Technology- every student has a computer assigned specifically to them. The computers stay at school. Grade 8’s don’t need their own devices (an attempt to manage screen time, even before and after school).

Our goal is to have a Musical next year!

Head of Schools Report to PAC #6

May 2025

VISION: A thriving Christian learning community, connected outward and inward, serving together as leaders who model best practices to empower students to have an impact in a changing world... for the Glory of God.

1. Today Tomorrow Together Update

- \$13,741,389 raised and counting – Goal #1 ACHIEVED
- 492 total donors – Goal #2 IN PROGRESS
- 63 days left to give and participate in an amazing story of God's faithfulness
- Every dollar raised now is crucial. \$1000 donation or pledge only costs you ~\$540 but it helps LCS avoid \$1800 in borrowing costs over 25 years that must be recovered from operating budgets. That's a 3x return on your investment.

2. Middle School opening in weeks, not months!

- Plans in place to update high school staffroom and office as ongoing Phase 3 renovations.
- Future plans for Phase 3 include fitness center, cafeteria/service kitchen, updated classrooms, Learning Support Services Center and restoration of the "old" middle school annex that will be vacated in June.

3. Come out to May 25 Society Meeting.

- LCS Board and SLT will share the 2026-2027 tuition schedule increase, busing information and plans for next school year.
- We will also be sharing the final version of the Board of Directors' 2030 Strategic Plan that will set the priorities for LCS in 4 key areas over the next 5 years.

4. Disciplinary Policies now updated and uploaded to the LCS Policies and Procedures page

5. Other questions from parents...
